

INTERVENTION AND REFERRAL SERVICES FOR GENERAL EDUCATION STUDENTS

The Board of Education shall provide a program of intervention and referral services for general education students who are experiencing personal, interpersonal, or academic difficulties to help them function productively and develop positively in the classroom environment.

The Superintendent shall prepare procedures to:

- A. Identify learning, behavior and health difficulties of students;
- B. Collect thorough information on the identified learning, behavior and health difficulties;
- C. Identify the roles and responsibilities of the building staff who participate in planning and providing intervention and referral plan and services including the development of the school level Intervention and Referral Services (I&RS) team;
- D. Develop and implement action plans which provide for appropriate school or community interventions or referrals to school and community resources, based on the collected data and desired outcomes for the identified learning, behavior and health difficulties;
- E. Provide support, guidance and professional development to school staff who identify learning, behavior and health difficulties and refer students and to school staff who participate in planning and providing intervention and referral services;
- F. Actively involve parents/guardians in the development and implementation of intervention and referral plans;
- G. Coordinate the access to and delivery of school resources and services for achieving the outcomes identified in the intervention and referral services action plan;
- H. Coordinate the services of community-based social and health provider agencies and other community resources for achieving the outcomes identified in the intervention and referral services action plans;
- I. Maintain records of all requests for assistance and all intervention and referral services plans in accordance with federal and state law and regulation;
- J. Review and assess the effectiveness of the services provided in achieving the outcomes identified in the intervention and referral plan and modify each plan to achieve the outcomes as appropriate; and
- K. At a minimum, annually review the intervention and referral services action plans and the actions taken as a result of the building's system of intervention and referral services and make recommendations to the principal for improving school program and services, as appropriate.

The Board shall review and adopt these procedures, and the Superintendent shall report to the Board on their implementation.
