UNSAFE SCHOOL CHOICE OPTION

The Unsafe School Choice Option (USCO) provision of The No Child Left Behind Act of 2001 (NCLB) §9532 contains two provisions that apply to school districts that receive funds under NCLB: Provision I - Persistently Dangerous Schools and Provision II - Victims of Violent Criminal Offenses.

Effective the beginning of each school year, school districts receiving NCLB funds must be prepared to complete the transfer of students who choose to exercise Provision I and Provision II of NCLB and this Unsafe School Choice Option Policy. Compliance with the Policy is a condition of receiving funds under any and all titles under NCLB. The Superintendent is required to certify compliance with this USCO Policy to the New Jersey Department of Education (NJDOE) in the application for NCLB funds.

USCO Policy Provision I - Persistently Dangerous Schools (PDS)

1. Criteria for Determining Persistently Dangerous Schools.

A persistently dangerous school is a public elementary or secondary school building (except for Regional Day Schools, Educational Services Commissions and Special Services School Districts) that meets the objective criteria determined by the New Jersey Department of Education (NJDOE) for three consecutive years and is part of a school district that receives funds under NCLB. The NJDOE will use the most current available data from the Electronic Violence and Vandalism Reporting System (EVVRS) to identify persistently dangerous schools on or before July 31 of each year, in compliance with federal regulations (68 FR 16789).

2. Procedures and Guidelines for Schools Determined to be Persistently Dangerous.

Once the district receives notification a school is identified as persistently dangerous, the district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the notice and offer them the option for their children to transfer to a safe public school within the district by the beginning of the respective school year. The district must complete all transfers by the beginning of the school year following the July notification.

Students are not required to accept the transfer option, but they must be afforded the opportunity to do so. Parental notice regarding the status of the school and the offer to transfer students should be made simultaneously. Parents of enrolled students must be notified of the persistently dangerous designation whether or not there is another school within the district for the transferring students.

UNSAFE SCHOOL CHOICE OPTION (regulation continued)

To the extent possible, the district will allow transferring students to transfer to schools that are making adequate yearly progress in accordance with NCLB and have not been identified as being in need of school improvement, corrective action or restructuring. The district will take into account the needs and preferences of the affected students and parents.

3. Corrective Action Plan for a School Identified as Persistently Dangerous.

If a school in the district is identified as persistently dangerous, the district will submit to the NJDOE, on or before August 25, documentation of compliance with the parent notification requirement and actions taken to complete the transfer arrangements for all students exercising the option by the first day of the school year. The district will also develop and submit for approval a corrective action plan to the NJDOE on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide schools with guidance for their corrective action plans, as well as monitor the school district's timely completion of the approved plans.

In the spring of each following year, the NJDOE will re-evaluate the status of a school identified as persistently dangerous. The NJDOE will review the school's progress towards completing their corrective action plan and compare the current year's incidents of violence, as reported on the EVVRS, to the criteria for determining persistently dangerous schools (PDS). A school identified as maintaining the persistently dangerous designation will be notified by the NJDOE on or before July 31 of the respective year and will be required to submit for approval a revised corrective action plan by August 25 of that year, which will apply to the respective school year. The school district must inform all parents of enrolled students in the school of the designation within fifteen calendar days of the notice and offer them the option for their children to transfer to a safe public school by the beginning of the respective school year.

A school no longer designated persistently dangerous will be notified on or before July 31 of the respective year. The persistently dangerous designation will be removed after one or more years contingent upon successful fulfillment of the criteria for removal, as determined by and in accordance with guidance provided by the NJDOE.

4. Procedures and Guidelines for Early Warning of Schools.

Effective in 2004, if a school meets the criteria set forth in this Policy for two consecutive years, the district will be notified of their pattern of offenses on or before August 15 of each year. If notified, the district will develop and submit to the NJDOE for approval a corrective action plan on or before September 30 of the same year, which will apply to the respective school year. The corrective action plan, which must be completed in the format provided by the NJDOE, will describe how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school with guidance for their corrective action plan, as well as monitor the school's timely completion of the approved plan. This school shall become a top priority for intensified district support for research-based programs and technical assistance. A school receiving an "early warning" notices is not required to provide the transfer option to students.

UNSAFE SCHOOL CHOICE OPTION (regulation continued)

In the spring of each following year, the NJDOE will reevaluate the school's progress towards completing their corrective action plan and compare the current year's incidents of violence, as reported on the EVVRS, to the criteria for determining persistently dangerous schools. Schools will be notified of their status on or before July 31 of the respective year.

A school that has successfully completed their corrective action plan and reported violent incidents that no longer meet the Criteria for Determining Persistently Dangerous Schools for one school year (the year in which the corrective action plan was in effect) will no longer be required to submit a Corrective Action Plan.

A school that does not successfully complete their Corrective Action Plan and that meets the criteria set forth in this Policy for a third consecutive year will be designated as persistently dangerous and will be required to submit for approval a revised corrective action plan on or before September 30 of that year, which will apply to the respective school year. The district will also provide the transfer option to students in the school designated as persistently dangerous.

5. Schools Not Receiving NCLB Funds, but Meeting the Criteria for PDS.

School buildings and districts that do receive federal funds under NCLB, but meet any one of the criteria for persistently dangerous schools, will be contacted by the NJDOE and be required to develop and submit for approval a Corrective Action Plan on or before September 30 of the respective year. The Corrective Action plan must be completed in the format provided by the NJDOE and describes how the school will reduce the number of incidents of violence as determined by the EVVRS. The NJDOE will provide the school guidance for their corrective action plan, as well as monitor the school's timely completion of the approved plan.

USCO Policy Provision II - Victims of Violent Criminal Offenses

The Victim of Violent Criminal Offenses provision of NCLB requires a student who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the district, including a public charter school.

The Superintendent will consult with the Board attorney and communicate with designated local and/or county law enforcement authorities, per the provisions of the Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials and N.J.A.C. 6A:16-6.2(b)12, on questions and issues that arise in the implementation of the individual victims of violent criminal offenses section of this Policy.

Criteria for Determining Victims of Violent Criminal Offenses

The following criteria must be used to determine when an enrolled student has become a victim of a violent criminal offense while in or on the grounds of a public elementary or secondary school that the student attends. These criteria only apply to a student who has become a victim of one or more of the violent criminal offenses enumerated below:

UNSAFE SCHOOL CHOICE OPTION (regulation continued)

A student is considered a victim of a violent criminal offense when:

- A. A referral has been made to law enforcement officials for suspicion that one of the violent criminal offenses enumerated below has occurred; and
- B. One or more of the following applies:
 - (1) Law enforcement officials have filed formal charges against the perpetrator(s) for commission of the violent crime; or
 - (2) The perpetrator(s) of the violent crime has been disciplined in accordance with school policy; or
 - (3) The perpetrator(s) of the violent crime either has not been identified or is not an enrolled student(s), but it is clear that the student (victim) has become a victim of a violent criminal offense based on objective indicators such as physical evidence, eyewitness testimony, and/or circumstantial evidence; or
 - (4) The pre-existence of a restraining order against the perpetrator(s) of the violent crime.

Procedures and Guidelines

Effective the first day of each school year beginning in 2003, the district must be prepared to begin the transfer of any student who chooses to exercise the unsafe school choice option provision. The district must offer, within ten calendar days, an opportunity to transfer to a safe public school within the district to any student who has become a victim of a violent criminal offense while in or on the grounds of a public school that the student attends. While the student must be offered the opportunity to transfer, the student may elect to remain at the school.

To the extent possible, the district will allow any transferring student to transfer to a school that is making adequate yearly progress in accordance with NCLB and has not been identified as being in need of school improvement, corrective action or restructuring. The district will take into account the needs and preferences of the affected student and his or her parent(s). Transfers must occur within thirty days of the determination that the student was a victim of a violent criminal offense.

Violent Criminal Offenses

The violent criminal offenses under New Jersey statutes that apply to the individual victim provision are identified and explained below. The offenses apply to completed offenses, as well as threats and attempts to commit the offenses. The offenses and attempts to commit the offenses apply only when they occur in or on the grounds of a school that the student attends. The offenses apply whether they occur wholly or in part in or on the grounds of a school that the student attends.

The offenses apply only to acts or attempts that are directed at a person (victim) or a group of specified individuals (victims), rather than acts that indiscriminately affect the entire school population or non-specified individuals or groups. For the purposes of this Unsafe School Choice

The transfer may be in effect longer and the district will consider the educational needs of the student, as well as other factors affecting the student's ability to succeed if returned to the transferring school. (i.e. The school district may allow a student to complete his or her education through the highest grade level at the receiving school if the student would otherwise be required to return to their original school.)
